BIODATA

Country of Origin: Nigeria

CURRENT POSITION: Senior Lecturer (October, 2024 To Date)

RESEARCH INTEREST

- Food Safety and Toxicology (Mycotoxins, Veterinary Drug Residue, Pesticide Residues, Nano/microplastics)
- Clinical and Medical Biochemistry
- Analytical Chemistry
- Regulatory Sciences (Food & Drug Standards/Authenticity/Fraud)
- *In silico* laboratory (Computational Biology/Chemistry, Molecular dynamics, molecular docking, Data analytics)
- Exposomics/ Metabolomics

EDUCATION

PhD Biochemistry	Federal University of Technology, Minna, Niger State *Thesis: Incidence of Fungi and Mycotoxins in Animal Feeds and Feed Ingredients across Nigeria and Application of Chitosan for their Mitigation.* *Committee: Prof. Hussaini A. Makun; Prof. Hadiza L. Muhammad; Prof. Patrick B. Njobeh*	January, 2020
M.Tech Biochemistry	Federal University of Technology, Minna, Niger State *Dissertation: Mycoflora and Aflatoxins of Sorghum bicolar and Traditional Alcoholic Beverages in Minna and Bida, Niger state, Nigeria.* *Supervisor(s): Prof. Hussaini A. Makun; Prof. Hadiza L. Muhammad*	August, 2014
B.Sc (Hons) Biochemistry	Ahmadu Bello University, Zaria, Kaduna State *Project: Antifungal screening of Cissus quadrangularis on Aspergillus niger and Cladosporium sp. for preliminary tissue culture protocol establishment.* *Supervisor(s): Assoc. Prof. A. B. Ibrahim* (FARA); Mr Muyiwa Owolabi	February, 2010

SKILLS

- Instrumentation: I have developed hands-on skills in the use of High-Performance Liquid Chromatography (HPLC), Liquid Chromatography tandem Mass Spectroscopy (LC-MS/MS), Gas

Chromatography with Mass Spectroscopy (GC-MS), Gas Chromatography tandem Mass Spectroscopy (GC-MS/MS), Thin Layer Chromatography (TLC), ELISA, and UV-VIS Spectrophotometer, FTIR, Fungi isolation and characterization, Nucleic acid extraction.

- Research conceptualization, method design, and data collection and Grant writing
- Currently gaining proficiency in computational biology techniques
- Project management and budgeting techniques
- SPSS, Graphpad prism, MsExcel for statistical analyses, MySQL, and MsPowerBI

GRANTS AND AWARDS

1. 2026: Institutional Based Research Grant: Principal Investigator: Development of A Python-Based Diagnostic Test Results Interpretation Tool for Biomedical Applications, the sum of three million, three hundred thousand naira (₦3,300,000.00).
2. 2026: Institutional Based Research Grant: Co-Investigator: Application of Survival Regression Model in Estimating the Survival Time of Breast Cancer Patients, of the sum of three million, twenty-six thousand, seven hundred and twenty naira (₦3,026,720.00)
3. 2025: Institutional Based Research Grant: Principal Investigator: Impact of aflatoxin exposure on anthropometric indices, micronutrient deficiency and academic performance among school pupils in Osara community, Kogi state, of the sum of one million, nine hundred and ninety-six thousand naira (₦1,9967,000.00).
4. 2025: Institutional Based Research Grant: Co- Investigator: Profiling Aflatoxin Contamination of Rice along the Value Chain in Rice Producing Communities in Kogi State, the sum of 1,998,500.00.
5. 2024: 2800 Euros: IAEA grant to participate at the 3rd Africa Food Safety Technical Meeting / Workshop in Marrakech, Morocco from 7th to 11th October, 2024
6. 2023: National Research Fund: Co-Researcher to Prof. Hussaini Anthony Makun of the Africa Centre of Excellence for Mycotoxin and Food Safety, Federal University of Technology Minna. Niger State on an NRF grant (2021) worth 37.5 Million Naira on the Research change "Development of predictive mathematical modelling for climate change impact on mycotoxin and an early warning mobile application for selected cereals in Nigeria"
7. 2022: USDA/USAID Travel grant to participate at the 2nd African Food Safety Workshop (AFSW), at Emperor's Palace, Johannesburg, South Africa. June, 2022
8. 2021: Institutional Based Research Grant: Co-Researcher to Prof Joseph E. Olajide of Department of Biochemistry, Prince Abubakar Audu University, Anyigba, Kogi State on a IBR Grant (2021) Titled "Incidence, dietary exposure, and risk mitigation assessment of pesticide residues in selected staples in Kogi state, Nigeria"
9. 2018: $6,000, 000 USD. Award of the World Bank funded; Africa Centre of Excellence for Mycotoxin and Food Safety, in Federal University of Technology Minna, Nigeria as a PhD student.
10. 2016: R5000 Rands: Travel grant to attend the Food safety and Security Conference taking place in the University of Johannesburg, South Africa from 16th – 18th May 2016.

HONOURS and DISTINCTIONS

Letter of Commendation from CUSTECH Management 11th March, 2024 for outstanding performance during 2023 accreditation by National Universities Commision as Ag. Head of Department.

TRAINING PROGRAMMES ATTENDED

i. One week long training on Research Administration and Management organised by TErtiary Education TrustFund
ii. 4-Days Dry Laboratory Workshop on Molecular Modelling and In Silico Chemistry" Organized by Department of Biological Sciences, Confluence University of Science and Technology, Osara from 5th to 8th February, 2024
iii. Effective Training on Supervision of Graduate Research in Nigeria Public Tertiary Institutions organized by TETFund 7th – 11th August, 2023
iv. 5-Days Workshop on Nanotechnology and Bio-Micro-Electro-Mechanical Systems in Disease Diagnosis and Treatment 24th – 28th

Studies on Mycoflora, Aflatoxin and Tannin content of Sorghum and Sorghum based Traditional Beer in Nigeria. Presented at the 9th Annual Conference and Workshop of the Mycotoxicology Society of Nigeria at Nasarawa State University, Keffi, 6th-8th August, 2014 p. 20

57. Ochai, D, O., Makun, H.O., Saidu, A.N., Mailafiya, S.C., Adeyemi, H.R., Apeh, D.O. and Adejumo, A. (2014). Evaluation of Fungi and Aflatoxin contamination in millet (Pennisetum spp) and Millet based Products from Niger state, Nigeria. Presented at the 9th Conference and Workshop of the Mycotoxicology Society of Nigeria at Nasarawa State University, Keffi, 6th-8th August, 2014 p. 17
58. Egwim, E. C. and Apeh, D. O. (2012). Effect of Maize/Millet Malt Hydrolysis and Baker's Yeast/Burukutu Starter Fermentation on the Yield of Ethanol from Yam Starch". Proceedings of the 32nd Nigerian Society of Biochemistry and Molecular Biology (NSBMB) Conference, at University of Calabar 14-17th Nov. 2012 p. 48

Other conferences Attended

59. 22nd Annual Conference of the Biotechnology Society of Nigeria (BSN) held a Ahmadu Bello University, Zaria from 28th – 31st of July, 2009
60. Nigerian Society of Biochemistry and Molecular Biology (NSBMB) – North West Zone Conference, held at Ahmadu Bello University, Zaria on 13th August, 2009
61. 29th Annual Conference of Nigerian Society of Biochemistry and Molecular Biology (NSBMB) held at Federal University of Technology, Akure from 6th to 9th December, 2009

BOOK (S)

62. Negedu A, Apeh D.O (2021). A Handbook on Food Biotechnology. ISBN 978-8070-69-8. Being a review of recent advances in Food Biotechnology.

TECHNICAL REPORTS

63. FAO/WHO (2022). Code of practice for prevention and reduction of mycotoxin contamination in cassava and cassava-based products. Joint FAO/WHO food standards programme | CODEX Committee on Contaminants in Foods| 15th Session, Virtual 9-13 and 24 May 2022, http://irepo.futminna.edu.ng:8080/jspui/handle/123456789/12669 https://codex.fao.org/restapi/searchstandard/CXC_082e.pdf?lang=en&id=9197
64. FAO/WHO (2019). Discussion paper on the establishment of MLS for HCN in cassava and cassava-based products and occurrence of mycotoxins in these products. Joint FAO/WHO Food Standards Programme Codex Committee on Contaminants in Foods 13th Session Yogyakarta, Indonesia, 29 April – 3 May 2019 (Prepared by the Electronic Working Group led by Nigeria). Pp 20 and 25, http://irepo.futminna.edu.ng:8080/jspui/bitstream/123456789/12669/1/cf13_14e%20HCN%20in%20cassava%20based%20products-1%281%29.pdf
65. FAO/WHO (2018). Discussion Paper on Maximum Level(S) for Hydrocyanic Acid and Mycotoxin Contamination in Cassava and Cassava-Based Products. Joint FAO/WHO Food Standards Programme Codex Committee on Contaminants in Foods 12th Session Utrecht, The Netherlands, 12 - 16 March 2018 (Prepared by the Electronic Working Group led by Nigeria). https://codexindonesia.bsn.go.id/uploads/download/cf12_13e.pdf

WORKING EXPERIENCE

Organization	Job description	Period
Federal University Lokoja, Nigeria	Visiting Senior Lecturer	November 2024-date
Africa Centre of Excellence for Mycotoxin and Food Safety, Federal University of Technology, Minna	Lecturer and Postgraduate Supervisor Lecturing postgraduate students on two courses: BFS 712: Chemical Food Safety I TOX 717: Prevention of Toxicity BFS 725: Food and Feed Additives and Fortification, BFS 727: Food Laws, Standards and Regulations Member of supervisory team for 2 Masters and 3 Ph.D	September 2020 - Date
Kogi State Owned University Confluence University of Science and Technology, Osara, Kogi State	Senior Lecturer Positions of responsibility Director, Directorate of Research, Innovation and Development Senate representative on Governing Council SIWES Coordinator Managing Editor, Confluence Journal of Science and Technology Lecturer 1 Positions of responsibility: Ag. Head, Department of Biological Sciences (Comprising of three (3) undergraduate programmes; Biochemistry, Biology and Microbiology) Coordinator, Industrial Training Unit Achievements as Head 1. Successful accreditation of three programmes 2. Curriculum development Courses taught past and present BCH211: General Biochemistry I BCH221: General Biochemistry II BCH222: General Methods in Biochemistry BCH311: Introductory Enzymology BCH312: Chemistry & Metabolism of Lipids BCH315: Bioenergetics BCH317: General Biochemistry Practical II BCH323: Analytical Methods in Biochemistry BCH413: Special Topics/ Seminar in Biochemistry BCH431: Scientific Writing and Communication BCH432: Health, Safety and Environment BCH433: Programming for Life Sciences I	October, 2024 – Date September 2021 – September, 2024
Kogi State Owned University Prince Abubakar Audu University, Anyigba	Lecturer II (February 2020 – September, 2021) Assistant Lecturer-Biochemistry (June 2018 – January 2020) Position of responsibility 1. Coordinator, Postgraduate programme 2. Member, Faculty Committee on establishment of B.Sc Science Laboratory Technology 3. Secretary, Faculty Committee on Covid-19	June 2018 – September, 2021

	protocols 4. Member, Faculty committee on Earned Academic Allowances Audit 5. Ag. Secretary, Faculty Postgraduate Committee 6. Assigned to Coordinate the Postgraduate program (PGD, M.Sc, Ph.D) of the department including organizing seminars- PAAU Anyigba March 2020 – September., 2022 7. Head, Laboratory management team of Department - PAAU Anyigba 8. Member, Departmental committee for Ethical Clearance - PAAU Anyigba 9. Member, Departmental committee on the Review of B.Sc Curriculum - PAAU Courses taught BCH 201: Chemistry of Amino Acids, Carbohydrates and Fatty Acids BCH 202: Introduction to Physical Biochemistry BCH 210: General Methods in Biochemistry BCH 305: Metabolism of Amino Acids BCH 403: Tissue Biochemistry BCH 405: Metabolic Regulations BCH 408: Biochemical Reasoning BCH 416: Clinical and Forensic Biochemistry BCH 418: Biotechnology and Bioinformatics BCH 642: Nutritional Biochemistry (PGD) BCH 652: Medical Biochemistry (PGD) BCH 681: Biochemical Instrumentation/ Techniques (PGD) BCH 751: Advanced Medical Biochemistry (M.Sc) BCH 703: Advanced Biotechnology BCH 410: Seminar BCH 400: Project	
Salem University Lokoja. Kogi State	Responsibilities Assistant College Examination Officer– College of Sciences Member – College Committee for Research Grants mobilization, Sep 2016 – May, 2018 Member – College Conference/Workshop Technical team, Sep., 2016 – May, 2018 Level Adviser - 400 Level, Biochemistry Dept. SU Lokoja Sep 2016 – May, 2018 Assistant Lecturer-Biochemistry Courses I taught BCH 311- Food Biochemistry BCH 315- Carbohydrate Metabolism BCH 317- Nutritional Biochemistry BCH 411- Plant Biochemistry BCH 419- Research Methodology BCH 406 – Genetic Engineering BCH 408 – Pharmacological Biochemistry and Toxicology Seminar & Project	February 2016 - May 2018

Family Health International 360, Country Office, Abuja	Assistant Technical Officer (temp) – HSS and Laboratory	March - December 2014
Ezi-Awka Community Sec. Sch. Awka, Anambra State	Chemistry Teacher during one year compulsory National Youth Service Corp programme	June 2010 – May 2011
General Hospital Minna, Niger State	Trainee on chemical pathology and haematology clinical tests	January – March, 2009
Jigawa Research Institute, Kazaure, Jigawa State	Trainee on Plant Tissue Culture Skills at Biotechnology Lab.	October – December, 2008

STUDENT RESEARCH SUPERVISION

	Completed	Ongoing	Total
B.Sc	25	4	29
PGDE	-	1	1
M.Sc	1	1	2
Ph.D	-	3	3

MEMBERSHIP OF NATIONAL/INTERNATIONAL PROFESSIONAL BODIES

1. International Society of Mycotoxicology
2. African Food Safety Network (AFoSaN): Conference Committee Secretary 2021-date
3. Mycotoxicology Society of Nigeria (MSN): General Secretary 2021- Date (I was the Public Relations Officer from 2015 to 2021)
4. Nigerian Society for Biochemistry and Molecular Biochemistry (NSBMB)

COMMUNITY SERVICE/PUBLIC SERVICE

1. Local Organizing Secretary 15th Annual Conference and Workshop of the Mycotoxicology Society of Nigeria, held at CUSTECH Osara from 4th to 7th Oct.2022
2. Organised Health Awareness and Food Safety awareness campaign, including free HIV and STI testing in Anyigba town, in conjunction with National Society of Biochemistry Students, and Community Intervention Health Programme (CIHP) during the FYB Week in 2020, and 2021.
3. Expert committee Member: Nigerian Institute of Animal Science: Member- Expert group on hazard characterization of aflatoxin B1 in animal feeds Dec. 2015 – Date

EXTRA-CURRICULAR ACTIVITIES

I play scrabble, a little football, I walk and jog.

REFEREES
